SYED MUHAMMAD SHARIK

FULL STACK WEBSITE DEVELOPER

ISLAMABAD, PAK | itssharik2007@gmail.com | +923273887083

SUMMARY

I am a passionate website developer specializing in creating user-friendly, responsive, and visually appealing websites. With expertise in front-end and back-end technologies like HTML, CSS, JavaScript, and PHP, I build custom websites that meet my clients' unique needs. I focus on delivering high-quality, scalable solutions that optimize user experience and performance.

PROFESSIONAL EXPERIENCE   Jan 2023 - Present

Website Developer

- Design and develop responsive websites using HTML5, CSS3, JavaScript, and modern frameworks
- Collaborate with designers to implement UI/UX best practices for optimal user experience
- Optimize website performance (speed, SEO, mobile responsiveness) for higher engagement
- Debug and fix front-end issues to reduce downtime and improve reliability

SKILLS
